Abstract

Your abstract here. This paper presents...

CCS Concepts

• **Software and its engineering → Software development techniques**.

Keywords

EASE, software engineering, evaluation, assessment

ACM Reference Format:
First Author, Second Author, Third Author, Fourth Author, and Fifth Author. 2025. Your Paper Title Here. In *Proceedings of Evaluation and Assessment in Software Engineering (EASE 2025).* ACM, New York, NY, USA, 2 pages. https://doi.org/XXXXXXX.XXXXXXX

1 Introduction

Your introduction here. This paper presents...

2 Motivation

Motivation for your work.

3 Contributions

The main contributions of this paper are:

- Contribution 1
- Contribution 2
- Contribution 3

4 Paper Structure

The remainder of this paper is structured as follows...

[*]These authors contributed equally to this research.

EASE 2025, TBD

ACM ISBN 978-1-4503-XXXX-X/2025/06
https://doi.org/XXXXXXX.XXXXXXX

5 Related Work

5.1 Topic Area 1

Related work in topic area 1 [? ?].

5.2 Topic Area 2

Related work in topic area 2 [? ?].

5.3 Summary

Summary of how your work differs from existing work.

6 Methodology

6.1 Overview

Overview of your approach.

6.2 Method Detail 1

Details of the first part of your method.

Figure 1: Overview of the proposed method.

6.3 Method Detail 2

Details of the second part of your method.

6.4 Implementation

Implementation details, tools, and frameworks used.

7 Results

7.1 Experimental Setup

Description of datasets, baselines, metrics, and hardware.

7.2 Main Results

Presentation of main experimental results.

7.3 Ablation Study

Ablation study results.

7.4 Qualitative Analysis

Qualitative examples and analysis.

Table 1: Main results comparison.

Method	Metric 1	Metric 2	Metric 3
Baseline 1	0.85	0.72	0.91
Baseline 2	0.88	0.75	0.93
Ours	**0.92**	**0.81**	**0.96**

8 Discussion

8.1 Interpretation of Results

Discussion of what the results mean.

8.2 Limitations

Limitations of your work:

- Limitation 1
- Limitation 2
- Limitation 3

8.3 Threats to Validity

Threats to internal, external, and construct validity.

8.4 Future Work

Directions for future research.

9 Conclusion

Summary of the paper and its contributions.

We presented a novel approach for... Our method achieves... Future work includes...
